Send Money With All Orders

NOTICE! We make **NO CHARGE FOR BAGS** as prices include bags which are weighed in as part of quantity given.

GUARANTEE Most of the failures of seeds, bulbs, plants, etc., are due to causes entirely beyond our control, such as soil conditions, unfavorable weather, time and manner of planting, etc. For these reasons it would be impractical to guarantee seeds, therefore, the Cashman Seed Company, gives no warranty, express or implied, as to description, quality, productiveness, or any other matter on any seeds, bulbs, plants, etc., we send out and will not be in any way responsible for the crop. If not accepted on these conditions, return at once and money will be refunded.

POSTAGE We deliver **FREE** all Vegetable and Flower Seeds in packets, ounces, quarter pounds and pounds. For larger amounts add 6c per pound to list price or consult inside of front cover for parcel post zone rates. Purchaser pays transit on Grass Seeds, Farm Seeds, Potatoes, Implements. Insecticides, Poultry Supplies, etc.

ALFALFA

THE GREATEST OF ALL FORAGE CROPS

The weight of green forage obtained per acre from alfalfa for a single season is approximately double that of clover, three times the weight of timothy, and five times the weight of brome grass. The proportions for hay are nearly as great in favor of alfalfa as in the case of green substance. Alfalfa yields three times as much total protein per acre as clover, nine times as much as protein as timothy, twelve times as much protein as brome grass. Dry matter and fat are more abundant in alfalfa. We have the very best seed it is possible for us to obtain

Alfalfa increases Land Values in those portions of the United States where both corn and alfalfa are grown and will always be higher (much higher than in those regions where only one of these crops can be grown to advantage. Twenty years from now everyone will wonder how he got along without alfalfa and why we did not recognize its great value sooner. That alfalfa can be and will be grown successfully throughout the humid regions in the future there is no longer any doubt. See Forage Crops Section of catalogue for further particulars and prices.

Comparison of Grain Feeds with Alfalfa Hay
Digestible Nutrients in 100 Pounds

FEEDS	Pounds protein	Pounds car- bohydrates	Pounds fat
Alfalfa hay	11.7	40.9	1.0
Wheat bran (spring) .	11.9	42.0	2.5

Corn meal	6.7	64.3	4.3
Oats	10.7	50.3	3.5
Barley	8.4	65.3	1.6
Wheat	8.8	67.5	1.5
Buckwheat	8.1	48.2	3.8

CASHMAN SEED COMPANY

GROWERS AND DISTRIBUTORS OF

CASHMAN'S SEEDS OF QUALITY

Specializing in Corn, Alfalfa, Clover and Timothy.

OWATONNA, MINNESOTA

Dear Customer:--

We are confronted this year with a real serious shortage of domestic grown clover seed. Only 45% of a normal Medium Red Clover crop was raised in the United States the past year. That being the case, LARGE QUANTITIES OF IMPORTED SEED FROM FRANCE, SOUTH AMERICA AND OTHER COUNTRIES ARE BEING SHIPPED INTO THIS COUNTRY. THE DEPARTMENT OF AGRICULTURE MAKES IT VERY PLAIN THAT IMPORTED CLOVER SEED IS OF LITTLE VALUE AND INJURIOUS TO UNITED STATES CROPS. Comparative tests of clover seed from various sources, native and foreign, conducted by Experiment Stations in the majority of clover growing states, show conclusively that imported clover seed is a failure in the Northern States.

THE UNIVERSITY OF MINNESOTA WRITES US:

"During the Winter 1922 and 23 the stands of Red Clover from French, Italian, Chilean clover seed were killed 81.4, 89.5 and 96.8 per cent respectively. No yields of hay were secured from these seedings while from home-grown seed good yields of both first and second crop were secured."

"It is not safe to sow imported red clover seed in Minnesota for the reason that any winter the stands may be almost completely killed out."

Yours truly,

A. C. ARNY, in Charge of Farm Crops.

WE DO NOT HANDLE AN OUNCE OF IMPORTED SEED!

CASHMAN'S MEDIUM RED AND ALSIKE CLOVER ARE ALL GROWN WITHIN 35 MILES OF OWATONNA. WE WILL GLADLY GIVE THE NAME OF THE GROWER TO ANYONE WHO BUYS THIS SEED. Would advise ordering early before our stocks are depleted. Send for samples. They are FREE.

I might add that our Alfalfa, both Grimm and Common, are all South Dakota or Montana grown.

Very sincerely yours,

CASHMAN SEED COMPANY.

Manager.
